Sri Pandit who was main speaker of workshop spoke on various aspects of personality build upto inculcate new ideas and to nurture them. He gave many small paper work projects to students and checked their ideas. He also said that it not necessary that you should start at very big level. Small initiatives can lead to very big outcomes. Important is creativity and do not let down your creativity. Share ideas and involve others in experiment, it will reduce the risk and take even help successful people.

Many students asked questions and interacted with him for quarries.

There were 30 participants in the workshop and participants were from M.Sc., M. Phil. and Ph. D students from department of chemistry. Vote of thanks was given Dr. Nishidh Dariya. Whole virtual workshop ended with national entham at the end and it was coordinated by Ms.. Anjna Joshi, M.Sc. IV student of chemistry department.

2. Interview

University industry Linkage cell of our university helped Royal Castor ltd, Sidhpur to recruit persons and conduct online interviews in month July 2021 in pandemic times. Industry employed 04 students of chemistry department.

3. Workshop on student start up and innovation policy

University Industry Linkage Cell of HNGU organized one day State level workshop on **student start up and innovation policy (SSIP) on 23-08-2021 at 10:30 a.m. in CIMF 2,**

department of chemistry, Hemchandracharya North Gujarat University, Patan. The workshop was inaugurated in presence of chairperson UILC, Prof. Sangita Sharma, in presence of Dr. Dashrat Patel, Associate Professor and other faculty members of chemistry department.

The program was initiated by Saraswati vandana followed by welcome speech by Prof Sangita Sharma, chairperson UILC.

She explained Importance of SSIP and innovations in present day scenario. To make India ATAM NIRBHAR economically, it is the only step where we can involve students for new idea and to acknowledge their ideas by funding. Out come of project may be positive or negative but it will certainly boost the confidence of student and nurture their new ideas.

Dr. Patel explained, what is SSIP, what is students start up and definition of Innovation. Total amount allotted to student is upto 2 lakh and in the SSIP solve the industrial problem, make a new product, improve a equipment, produce a new agriculture product, new idea for mobile or computers etc. Dr. shared whole project which is funded for M. Sc. Sem IV students of his college under his guidance. It was a real time experience for students of chemistry department to have idea about small projects which students can do with mentors. There were 30 participants in the workshop and participants were from M.Sc., M. Phil. and Ph. D students from department of chemistry. Whole program was coordinated by Mr. Ashok Chaudhary, M.Phil. Student of chemistry department.

4. One day State level workshop Career opportunities in chemical sciences

University Industry Linkage Cell of HNGU organized one day State level workshop on Carrer opportunities in chemical sciences **on** 27-10-2021 at 11:00 a.m. in Kilachand Rangbhavan, HNGU campus, Patan with support of Chemistry department.

The workshop was inaugurated in presence of PROF. J. J. Vora, eminent industrialists Piyush suthar and Naresh Kiri chairperson UILC, Prof. Sangita Sharma, KAP.
